

# STUDY TOUR - BHUJ

This study tour helped students understand vernacular construction techniques. it guided the students to introduce themselves to varied ideas of architecture in their first interaction with architecture beyond their everyday access which was not possible for them being in Mumbai.

# STUDY TOUR - BHOPAL

The study tour to Bhopal helped students understand the modern architectural styles and its influence on the lifestyle of the people. The study also highlights sustainability concerns faced by students while documenting the structures. They understood design philosophies, context.

# STUDY TOUR - AHMEDABAD

The study tour bridged old and new styles of architecture. Students understood the aspects of design in the heritage city of Ahmedabad as well as modern and contemporary interventions through the works of B.V Doshi, Le Corbusier, Charles Correa.

# STUDY TOUR - JAIPUR

Study tour of the 4th year students to Jaipur city in Rajasthan Document and to understand the rich cultural heritage of Jaipur city along with its local context and the settlements of the place
